GOOD CROPS FOR QUICK RESULTS.

Colorado Springs, Colo.—It is all very well for scientists to study and delve and dig for the ultimate salvation of the farmer in the dry-land belt, but first tell him—and do it quickly—what to grow that will bring him money. This, in effect, was the common-sense principle voiced at the International Dry-Farming Congress by Prof. W. M. Jardine of Kansas.

"The farmer isn't concerned about fertility and nitrites and inoculation, and things like that," said Prof. Jardine. "What he wants is a living and he wants it now. We must help him to get it. Show him how to do something now; tell him how to feed his family, first, and then he will be in a position to take up and study the more technical problems of farm life."

Prof. Jardine told the farmers to raise potatoes, as one of the surest means of getting an immediate living on the dry lands. For need, he said in brief, use selected tubers, hand picked. If not too large, plant single tubers with only one or two eyes. If large, cut in halves. Two eyes are better than six in seed potatoes. Plant in rows, three feet apart, and two feet apart in the rows, four inches deep. Subsoiling is fairly satisfactory. Plant Early Falskey, Irish Cobbler and Early Ohio.

"These varieties do not give the largest yields, I admit," said the speaker, "but they are the earliest, and, therefore, the most advisable because the farmer may need the money."

"Only three crops on the dry lands are making money," Prof. Jardine declared: "Wheat, milo and flax. Why not add potatoes to the list and increase the income?"

PRODUCTION OF PRECIOUS STONES.

It may perhaps be surprising to many people to learn that the United States produces almost every variety of precious stone—from diamonds down. The precious stones produced in this country last year had a value of \$295,797, against \$334,380 in 1909, according to an advance chapter from "Mineral Resources of the United States" on the production of gems and precious stones in 1910 by Douglas B. Stewart, published by the United States Geological Survey. The large decrease in the output of a few of the more important gem minerals—tourmaline, turquoise, chrysoprase, etc.—says Mr. Stewart, readily accounted for the fall in the value of production. As an instance of this decrease in production, about 8½ tons of rough turquoise were produced in 1910, as compared with more than 17 tons in 1909.

All the diamonds produced in this country in 1910 came from Arkansas and California, the output of Arkansas amounting to about 200 stones. Several diamonds were found in California last year, one of which weighs about half a carat and another being ½ and 2 carats. The latter is a brilliant flawless stone, with a tinge of yellow.

Colorado yields some very pretty stones and some are being successfully handled in the tourist trade, but a number of these stones sold each year at the summer resorts of the State are imported from Germany, where they have been polished. Others are native stones polished abroad, although some are polished in the United States.

In Montana a sapphire weighing over 4½ carats has been found. This stone when discovered had very much the shape of a rough diamond crystal, on account of which it had very great refractory power.

Delightful Luncheon at Metcalf.

An unusual form of entertainment was the "mothers luncheon" given in Metcalf on Friday by Mrs. Gay, in honor of her mother, Mrs. Yorke. The table decorations were yellow chrysanthemums and the place cards bore quotations suitable to the occasion. The invited guests were Mrs. Yorke, Mrs. Berault, Mrs. Anderson, Mrs. Martha Abrams, Mrs. Goldacker, Mrs. McLean and Mrs. Dermot.

Proceedings of Board of Supervisors

Clifton, Arizona,
Nov. 18th, 1911.

Office of the Board of Supervisors,
Clifton, Arizona, Nov. 18th, 1911.

The Board of Supervisors met this day in Special Session, at 9 o'clock a. m.

Present, Geo. Webster, member; B. F. Billingsley, member and W. O. Wheatley, clerk.

Upon motion of Geo. Webster, B. F. Billingsley is appointed chairman pro tem.

After a reading of the minutes of the regular meeting of Nov. 6th, a motion is made by B. F. Billingsley, seconded by Geo. Webster to approve the minutes as read.

The time having arrived to make the last six months audit of the County records, for the year 1911, and the appointment of J. J. Kelly, being the only one on file, the Board of Supervisors, upon motion by Geo. Webster, seconded by B. F. Billingsley, appoints Mr. J. J. Kelly in accordance with Act 72 of the Twenty-fifth Legislative Assembly, of the Territory of Arizona, as expert accountant to audit the records of the various county offices, for the last half of the year 1911. Said expert accountant shall receive a compensation of ten dollars (\$10.00) per day, and commence the performance of his duties as enumerated and set out in Act 72 of the Session Laws of 1909, December 1st, 1911, and terminate December 20th, 1911. Said expert accountant shall be required to give a good and sufficient bond in the sum of One Thousand (\$1,000.00) Dollars, to insure the faithful performance of his duties.

At 10:40 o'clock a. m., the Board proceeds to open bids on proposed court house and jail.

The following bids are opened:

"If built from brick marked No. 6-D, or 7-D which we will furnish in any color \$46,622.00.

"If built from No. 8-E \$47,900.00.

"If built from concrete blocks, (wall section same as shown on plan) 12 or 13 inch block \$46,670.00.

(Signed) VANDERCOOK & BLACK
A Cashier's Check in the sum of \$5,000.00 accompanied the above bid.

Henry Hill: "Concrete blocks, \$18,200.00.

Pressed brick \$47,000.00.

Enclosed find certified check for \$5,000.00 which is to cover either of the above bids that may be accepted.

(Signed) HENRY HILL,
Otto P. Kroeger: "I hereby propose to furnish all labor and material necessary for the construction and completion of the new courthouse and jail at Clifton, Greenlee county, Territory of Ariz., in accordance with and agreeable to the plans and specifications prepared for same by E. C. Heck, and adopted by your Board on Oct. 3, 1911, and in compliance with your advertisement dated Oct. 22, 1911 for the sum of (\$43,000.00) Forty Three Thousand and no-100 dollars.

This bid (for brick work) is based on first class hard, well pressed grey brick or other approved color for exterior walls. For backing up of exterior walls and interior brick work to be in common, approved brick hard and round."

At 11:24 a. m., the Board proceeds to open bids on map of Greenlee County and consider same; after the bids, submitted by H. Ogle Tunis, Lamar Cobb, are duly considered motion is made by Geo. Webster, seconded B. F. Billingsley to defer the awarding of contract to make map of Greenlee county until the next regular meeting, Dec. 1th 1911.

Upon motion by B. F. Billingsley, seconded by Geo. Webster, the assessment of Albert W. McLaughlin is reduced to (\$200.00) Two Hundred Dollars on account land belonging to V. E. Butcher.

Upon motion of Geo. Webster, seconded by B. F. Billingsley to take off Poll and Road tax of J. A. Hagan, account that said J. A. Hagan is over sixty years of age.

At 12 m. the board stands at recess until 1 p. m.

At 1 p. m. the Board resumes business.

The time having expired for receiving bids to construct court house and jail for Greenlee County and all bids duly filed with clerk of the Board of Supervisors having been opened and duly considered by the Board of Supervisors, and it appearing that the bid of Otto P. Kroeger for the construction of said court house and jail, in accordance with plans and specifications of E. C. Heck, adopted by the Board of Supervisors, is the lowest bid, and after ascertaining the fact that Otto P. Kroeger is a responsible contractor, upon motion of B. F. Billingsley, seconded by Geo. Webster, the bid of Otto P. Kroeger, is hereby accepted and the construction of said courthouse and jail is awarded to the said Otto P. Kroeger for the sum of Forty-three thousand and no 100 Dollars, (\$43,000.00) to be constructed with bricks as specified in said bid.

Motion by Geo. Webster, seconded

At 7 p. m. the Board of Supervisors reconvenes.

Upon motion by Geo. Webster, seconded by B. F. Billingsley, the Board of Supervisors hereby accept and approve the contract hereinafter set out and hereby authorize B. F. Billingsley temporary Chairman, to sign said contract on behalf of the Board of Supervisors of Greenlee County, Territory of Arizona, which said contract is in full as follows:

This agreement, made the 16th day of Nov. A. D., 1911 by and between Otto P. Kroeger, of El Paso, Texas, party of the first part (hereinafter designated the contractor), and The Board of Supervisors of Greenlee County, Territory of Arizona, party of the second part, (herein after designated the owner);

Witnesseth, That the Contractor, in consideration of the agreements herein made by the owner, agrees with the said owner as follows

ART. I. The contractor shall and will provide all the materials and perform all the work for the construction of the courthouse and jail for the County of Greenlee, Arizona Territory, as shown on the drawings and described in the specifications prepared by E. C. Heck, Architect, which drawings and specifications are identified by the signatures of the parties hereto, and become hereby a part of this contract.

ART. II. It is understood and agreed by and between the parties hereto that the work included in this contract is to be done under the direction of said architect, and that his decisions as to the true construction and meaning of the drawings and specifications shall be final, and if for any reason any change in Architect should occur such change shall be made with the approval of both parties. It is also understood and agreed by and between the parties hereto that such additional drawings and explanations as may be necessary to detail and illustrate the work to be done are to be furnished by said Architect, and they agree to conform to and abide by the same so far as they may be consistent with the purpose and intent of the original drawings and specifications, referred to in Article I. It is further understood and agreed by the parties hereto that any and all drawings and specifications prepared for the purpose of this contract by the said architect are and remain his property, and that all charges for the use of the same, and for the services of said architect are to be paid for by the said owner.

ART. III. No alterations shall be made in the work except upon written order of the architect; the amount to be paid by the owner or allowed by the contractor by virtue of such alterations to be stated in said order. Should the owner and contractor not agree as to the amount to be paid or allowed, the work shall go on under the order required above and in case of failure to agree, the determination of said amount shall be referred to arbitration, as provided in Art. XII of this contract.

ART. IV. The contractor shall provide sufficient, safe and proper facilities at all times for the inspection of

the work by the architect; shall with in twenty-four hours after receiving written notice from the architect to that effect, proceed to remove from the grounds or buildings all material condemned by said architect whether worked or unworked, and take down all portions of the work which the architect shall by like written notice condemn as unsound or improper; or as in any way failing to conform to the drawings and specifications and shall make good all work damaged or destroyed thereby.

ART. V. Should the contractor at any time refuse or neglect to supply a sufficiency of properly skilled workmen or of materials of the proper quality, or to fail in any respect to prosecute the work with promptness and diligence, or fail in the performance of any of agreements herein contained, such refusal, neglect or failure being certified by the architect, the owner shall be at liberty, after ten days written notice to the contractor to provide any such labor or materials and to deduct the costs thereof from any money then due or thereafter to become due to the contractor under this contract; and if the architect shall certify that such refusal, neglect or failure is sufficient ground for such action, the owner shall also be at liberty to terminate the employment of the contractor for the said work and to enter upon the premises and take possession, for the purpose of completing the work included under this contract, of all materials, tools and appliances thereon, and to employ any other person or persons to finish the work, and to provide the materials therefor; and in case of such discontinuance of the employment of the contractor he shall not be entitled to receive any further payment under this contract until the said work shall be wholly finished, at which time, if the unpaid balance of the amount to be paid under this contract shall exceed the expense incurred by the owner in finishing the work, such excess shall be paid by the owner to the contractor; but if such expense shall exceed such unpaid balance, the contractor shall pay the difference to the owner. The expense incurred by the owner as herein provided, either for furnishing materials or for furnishing the work, and any damage incurred through such default, shall be audited and certified by the architect, whose certificate thereof shall be conclusive upon the parties.

ART. VI. The contractor shall complete the several portions, and the whole of the work comprehended in this agreement by and at the times herein stated: to-wit: Contractor to commence work not later than December 1st, A. D., 1911, and entire to complete the same not later than June 1st, A. D., 1912, and failing in this respect contractor shall forfeit to the owner the sum of twenty dollars for each and every day additional that the contract shall not be completed.

ART. VII. Should the contractor be delayed in the prosecution of the work by the act, neglect, or default of the owner, or the architect, or of any other contractor employed by the owner, upon the work, or by any damage caused by fire, lightning, earthquake, cyclone, or other casualty for which the contractor is not responsible
